

BIOTECHNOLOGY: BOUNTIFUL HARVEST OR BITTER HARVEST?

Tentative Schedule for Written Assignments - Fall, 2008

Sept 02 Assignment (1) due

Sept 23 Assignment (2) due

Oct 16 Assignment (3) due

Nov 13 Assignment (4) due

Dec 11 Assignment (5) due

Papers must be typewritten with one-inch margins on all four sides, double-spaced. Please number the pages and staple them together in the upper left-hand corner. **Do not paper clip them together** (pages can become separated too easily). Citations and bibliography are required, where appropriate. Be sure to make a copy of your paper before turning it in to protect yourself against the unthinkable possibility that either one of us might lose it.

All written work is due at the beginning of class on the designated day. **DO NOT** have friends deliver your work or trust it to the post office. Work handled this way has frequently been lost or has arrived late, incurring the usual late penalty of 5 points a day.
